EYKER WILL PROBABLY BE SUCCESSOR TO BOLES

Springfield, Oct. 22.—George Eyker of Fayetteville, Ark., will probably be named to succeed Ashleigh P. Boles, horticultural expert in the Department of the Frisco system, it was announced at the Frisco general offices yesterday. Mr. Eyker has for some time been connected with the Department and has acted as an assistant to Mr. Boles.

Boles recently tendered his resignation, to become effective November 1, for the purpose of assuming control of the Northwestern Arkansas Fruit company, which he organized at Fayetteville, Arkansas, about six months ago.

The ten-acre experiment plot was one of the innovations introduced by Boles for the purpose of advancing the fruit growing industry throughout Southwest Missouri and North Arkansas. By means of this plan the farmers in the various fruit growing sections, along the Frisco system, were able to profit by the expert methods used by the Department of Development, for the purpose of increasing the yield and improving the grade of trees used for orcharding.

Six months ago he purchased a large fruit farm near Fayetteville and since that time has made his home in that city.

While in Arkansas, Boles saw the wonderful opportunities offered for a fruit company, in that section of the country. As a result he founded the Northwestern Arkansas Fruit company and for the purpose of giving his undivided time to his new business, tendered his resignation to the Frisco.

In much of his work throughout the Frisco system, Boles was assisted by Mr. Eyker, who has demonstrated experimental ability as a horticulture expert. Consequently when Boles tendered his resignation, the officials looked to Eyker as the logical man to fill the vacancy.

PLAIN QUESTIONS TO MONETT PEOPLE

Every Monett Reader Will Admit the Soundness of the Logic.

Would Monett people recommend Doan's Kidney Pills as they do if the medicine were not reliable? Would they confirm their statements after years have elapsed if their experiences did not show the remedy to be deserving of it? Statements like the following must carry conviction to the mind of every reader:

Mrs. John Suttles, 410 Euclid ave., Monett, says: "I suffered for several years from inflammation of the bladder and kidney complaint. My back ached steady, and I had nervous headaches and dizzy spells. It hurt me to stoop or lift anything. I doctored but got no relief at all until I began using Doan's Kidney Pills. They made me strong and free from kidney trouble."

NEARLY FIVE YEARS LATER, Mrs. Suttles said: Doan's Kidney Pills have never failed to help me. I have told others about them for I know they are a reliable medicine."

Price 60c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Suttles had. Foster-Milburn Co. Mfgs., Buffalo, N. Y.
